REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Coosa Elementary School had a very successful 2007-2008 school year. Our students were recognized on state and national levels for their academic achievement: 1) Coosa Elementary received the 2006-2009 South Carolina Exemplary Writing Award; 2) Coosa was recognized for the second year by the SC Department of Education's Oversight Committee for Closing the Achievement Gap; and 3) Coosa met AYP (Adequate Yearly Progress) under National "No Child Left Behind" Legislation for the fifth year. As principal, I would offer that our past and present success is directly related to the participation and involvement of motivated students, parents, staff, district administrators, and community volunteers in the total educational process.

As with any organization, competent and dedicated people are key components. Coosa is fortunate to have a staff of experienced, diverse, and caring individuals. Each is devoted to the goal of providing "a challenging, engaging, and safe school connecting each child to a successful future everywhere and everyday." For this staff, student failure is unacceptable. Expectations are high in all curriculum areas. The Coosa community is extremely proud of their children's scores on the 2007 Palmetto Challenge Achievement Test. A large and increasing percentage of students score in the upper levels of Proficient and Advanced. Other national, state, and local assessments prove that the vast majority of Coosa students are meeting or exceeding expectations.

Support for Coosa from the community comes from various sources. The Kiwanis Club and Rotary Club of Beaufort offer the gift of time with individual students, as well as the funding for community-awareness field trips. The Coosa Business Partners offer assistance anytime they are asked, and a very active School Improvement Council participates in the development, implementation, and monitoring of the Five Year Strategic Plan. This plan emphasizes improved student achievement in the areas of literacy, math, science, and social studies, and includes character education, home-school communication, staff development, and technology components.

A challenge for every school is to convey its needs to the members of the community capable of meeting those needs. In addition, it is imperative to build a lasting, bonding relationship between these stakeholders to benefit children. When a bonding relationship joins with a competent school staff, the result is a school that continually strives for academic excellence and each year comes closer to that goal. Coosa Elementary is that school.
